Spring Social & Guest Lecture

Tuesday, March 24, 2015
6:30-8:30pm

The Red Barn at Hampshire College

Our spring semester 5-College Culture, Health and Science Pizza Party is here! Come network with your fellow CHS students and faculty, have some food, and learn about health related majors, courses, opportunities, and specialities in human health.

Noah Levinson, MPH and founder of Calcutta Kids. He will talk about his experience with public health and possible career options. Think at an undergraduate level on how to prepare for a future in the human health arena. He will discuss his experience founding an organization in India and how students can do work both at home and abroad to improve health.
